Re: Chrysler vs. Sheridan

Dear Mr. Kienbaum:

I am in receipt of your most recent correspondence regarding the magistrate's recommendation and our providing of information to you regarding office materials. I do not know how you could have reasonably concluded from the correspondence that was forwarded to you that we are of the opinion that there is no basis to conclude that evidence may have been tampered with in this case. Indeed, the anxiety exhibited by the fact that you immediately faxed your reply to me suggests that in reality you hold the opposite opinion. Due to the necessity of my attendance at federal court in Wichita, Kansas this week, I did not believe that I was going to be able to comply with the July 14, 1995 deadline. Now, it appears that we are in a position to comply.

The information provided hereunder is based upon our limited and restricted ability to review materials which were allegedly seized from Mr. Sheridan's work space. That review is neither complete, nor did it have as its purpose the ferreting out of all details of evidence tampering which may exist. Lack of inclusion of any specific item in this list shall not be taken as an admission of the authenticity of such a document or other tangible item.

The document submitted by the plaintiff entitled, "Confidential Inventory of Material from Paul V. Sheridan's Cubicle at the Chrysler Technology Center", dated March 16, 1995, has numerous general inconsistencies and inaccuracies based on defendant's knowledge and cursory examination of the actual inventory:

July 14, 1995

1. This "inventory" fails to list and does not contain the following files:

- Liftgate Latch - General
- Liftgate Latch - Competitive
- Safety Leadership Team - Meeting Minutes
- Safety Leadership Team - Preliminary
- Liftgate Latch - Safety Office
- H. G. Cook Study
- FMVSS 206 - General
- Seat Back Strength - General
- Seat Back Strength - FMVSS 207 Specifications
- Offset Impact - General
- Rear Crash Survivability - General
- FMVSS - 301
- Side Crashworthiness Issues
- FMVSS - 214
- Bumper Issues - General
- NS-Body Bumper
- Taillamp Studies - Zarowitz
- Amber Taillamp - NS-Body
- Rear Seat Headrest - General and Zarowitz
- Back-up Light - General

2. The "inventory" lists files but inaccurately portrays their original/current contents:

- Box #1 - File "NS Liftgate System". This file contained subfiles such as "Customer Injury", "Saginaw", et al. Also contains photographs that were originally in the "Liftgate Latch - General" file which is missing per #1 above. (see page 4 of inventory).

CHAMBERS STEINER

Page 3

July 14, 1995

- Box #1 - File "NHTSA News" contains only half its original contents (see page 4 of inventory).
- Box #1 - File on "Muth Technologies" not listed; subfile "RSZ" not listed (see page 4).
- Entry on page 8 of inventory indicates that a file contained "correspondence for Dr. Detroit Motorsports". No correspondence was ever sent to Mr. Sheridan's Chrysler office for Dr. Detroit Motorsports, nor was any on file at that location.

3. The "inventory" identifies files and file locations by box number but the location identified was found to be inaccurate.

4. The "inventory" fails to explain/list file materials that were found in the actual inventory by defendant:

- Documents relating to FMVSS-208 dated December 21 were found in Box #1 in file "NS-Restraints". This file is not listed on inventory. (see page 4)

5. This "inventory" fails to accurately explain/list documents allegedly found in the cubicle, as described during the deposition of plaintiff's investigators.

6. The "inventory" fails to list files that were found in the actual inventory.

7. The "inventory" fails to list/identify location of specific video tapes:

- Environmentally Safe Oil Changes
- Formula SAE
- IIHS Bumper Tests
- Etc.

CHAMBERS STEINER

Page 4

July 14, 1995

8. The "inventory" fails to accurately list contents of computer disks and computer hard drive.

This response is not complete. Further examinations of inventory is still pending. Preliminary examinations cover documents listed through page 18, but not Box #7. Document listings from page 18 through 39 have not yet been examined.

Sincerely,

Courtney E. Morgan, Jr.

CEM/mn
