**Subject :** ORDER DIRECTING IMPANELMENT OF A STATEWIDE COVID GRAND JURY,  
CASE NUMBER SC22-1710 (THURSDAY, DECEMBER 22, 2022)

**Reference 1 :** Letter of 3 January 2023 to Governor Ron DeSantis and Ms. Susan K. Neely:  
Page 2 of 2 *Witness List Rationale Review*

**Reference 2 :** Email from Dr. Michael Yeadon, Pharmaceutical Industry Veteran (30+ years),  
and former Head of Research as Chief Science Officer for Pfizer, Inc.

**Dear Governor DeSantis / Dear Ms. Neely :**

I am re-forwarding to you the letter of Reference 1; to include the shipper SPODs indicating your receipt, and for correction to a typographical error on Page 2 of 2.

On Page 2 of 2 of Reference 1 I proposed four preliminary witnesses for the Subject; one of which is the esteemed Dr. Michael Yeadon:

**MEMO :** This is not my first mentioning of Dr. Yeadon in COVID-19 materials/correspondence; hardly. As just one example, in my 12 April 2021 letter addressed to “America’s Doctor,” Mr. Anthony Fauci, I spend twenty-six pages detailing the Nuremburg Tribunals, and the direct Fauci role in ensuring that ‘informed consent’ was avoided, especially by those ostensibly protected from liability under the PREP Act; I discuss Dr. Yeadon and his early foray into, what is now, a key element of the Subject: **Criminality**. From the Subject order (emphasis added, screenshot):

(a) Individuals, persons, and entities, including, but not limited to, pharmaceutical manufacturers (and their executive officers) and other medical associations or organizations involved in the design, development, clinical testing or investigation, manufacture, marketing, representation, advertising, promotion, labeling, distribution, formulation, packing, sale, purchase, donation, dispensing, prescribing, administration, or use of vaccines purported to prevent COVID-19 infection, symptoms, and transmission;

(b) other **criminal activity** or wrongdoing that the statewide grand jury uncovers during the course of the investigation if it determines that pursuing the **criminal** activity or wrongdoing is in the best interests of the investigation;

and

(2) is occurring, or has occurred, in two or more judicial circuits as part of a related transaction or is connected with an organized **criminal** conspiracy affecting two or more judicial circuits, as required by section 905.34, Florida Statutes.

Regarding Reference 1 and the *Witness List Rationale Review*: (1) Mr. Edward Dowd, (2) Dr. David Martin (3) Ms. Catherine Watt and (4) Dr. Michael Yeadon . . . Mr. Dowd and his expertise are directly connectable and relevant to the efforts of co-addressee Ms. Susan Neely at the ACLI.

The expertise of proposed witnesses (2), (3) and (4) are directly connectable to the verbiage of the Court’s order above. Indeed, a key element to attaining much-needed justice for the “COVID vaccine” injured and killed is the voiding of the LIABILITY IMMUNITY provisions so-strenuously promoted and enforced by entities ranging from Ivy League presidents, to Mr. Anthony Fauci, to Mr. Albert Bourla, to Mr. Joe Biden.

## CONCLUSION

Please note that in the Dr. Yeadon email response to me of 12 January 2023, he laments the current fact that he cannot re-enter the United States (i.e. Florida), ostensibly because of the ongoing antics by the individual pictured here (among others):

### What You Need to Know

- If you are a non-U.S. citizen who is a nonimmigrant (not a U.S. citizen, U.S. national, lawful permanent resident, or traveling to the United States on an immigrant visa), you will need to show proof of being fully vaccinated against COVID-19 before you travel by air to the United States from a foreign country.
- Some categories of noncitizen, nonimmigrants are excepted from this requirement. If you meet the criteria for one of these categories, you will need to fulfill additional requirements to travel by air to the United States.

This is especially egregious given the fact, as Ms. Rochelle Walensky **has always been fully-aware**, that **none** of the so-called “COVID vaccines” were even tested for transmissibility, let-alone establishing protection from such; and therefore her “*proof of being fully vaccinated*” mandate amounts to (at the level of her “science”) nothing more than accommodation of a pre-planned Pfizer criminal marketing scheme (among other motivations).

If I were convening a Grand Jury of Subject importance, I would demand that Dr. Yeadon be permitted to return to (Tampa) Florida without the already-documented and to-be-further-documented **threats posed to his health & well-being by the needles promoted by Ms. Walensky, Mr. Bourla, Mr. Fauci, etc.**

Respectfully yours,

Paul V. Sheridan
