Ms. Dixon:

Thank you for your recent interview with, the person the attached anonymous note refers to as, “rPOTUS.” I voted for him twice . . . I discuss the attached under Tab 4.

In April 2020, immediately after Trump was coaxed into declaring a “National Emergency,” I wrote to him advising him to retire the following criminal:

Trump ignored me. For *partial* perspective on my 40-year interaction with Fauci, you might watch my LIABILITY IMMUNITY interview with The Stew Peters Network (~9 minutes):

<https://rumble.com/vqpxyf-beyond-willful-misconduct-bioweapon-victims-demand-shutdown-of-vaxx-program.html>

Also directly attached is my **Conclusion** page of my letter to Ms. Kimberly Cheatle, current Director of the US Secret Service; complete letter under Tab 4. Please note, my Conclusion is focused on rPOTUS.

In your interview with “rPOTUS” he boldly proposed,

“We’re all in this together . . .”

He does not speak for the undersigned on that point. He is not remotely qualified/experienced to do so.

However, he **is** connectable to the horror shown under Tab 5 . . . indeed, I have so-stated that **legal fact** in many letters to him.

SUMMARY: Until and unless we forcefully rescind the Fauci brainchild, LIABILITY IMMUNITY (sneakily added to PREP in 1986 by “America’s Doctor”), we will endure many more bouts with “COVID.” They have nothing to lose. On this point, please note the front inner sleeve articles as an introduction.

The needle that resulted from Trump’s Operation Warp Speed does **not** contain a “vaccine” in any usual historical truthful sense of that term . . . I review this well-known reality at Page 12 of 22 of the cover letter.

But it came as no surprise (to me) that Fauci was compelled to do a **preemptive** US State Department video (in 2021!) that declared the following bold-faced contextual lie about the Biden-mandated needles :

<https://rumble.com/v3c21g4-the-fauci-mrna-fraud.html>

In truth the needles contain modRNA . . . Willful misconduct?! Please review Tab 5 . . .

Take care,

Dear Mr Sheridan

I was passed your letter of 12 May 2023 addressed to rPOTUS. I need to alert you that this and all your previous correspondence with rPOTUS was passed to Secret Service as they have an open file on you. I don't think they regard you as a serious threat to rPOTUS but I am not sure of how much electronic monitoring that goes on. I am only going to contact you through this letter and I will not say who I am. In today's world the DEEP STATE can't be ignored. All of us who work for rPOTUS are under threat. You should be careful too. PATRIOTS CAN END UP IN PRISON. We all saw that after J6.

I write to give you a heads up about the Secret Service file on you. Also to give you a steer to someone you should look into.

You are very savvy about the killer covid vaccines and you know some of the people who got rPOTUS in the mess about them. You know who some of the major "advisors" are who got him into this mess. You are missing one big piece of the picture tho

You need to look at ROBERT REDFIELD. He was the CDC Director for rPOTUS and played a HUGE role behind the scenes in getting rPOTUS to go with vaccines. Redfield covered his tracks. Hes not a fool. Some of us know the truth tho. Look at Redfield's early career in the US MILITARY VACCINE PROGRAM!!!! He was a big part of the DEEP STATE and worked with the FORT DETRICK people and guys who ended up in ALL the vaccine companies. He then worked with ROBERT GALLO for years. Look at GALLO role in all vaccines and his BIG PHARMA connections. REDFIELD is a HUGE company insider but its all been kept under the table. He is clever, but not clever enough. Some of us around rPOTUS found out.

Here's a big part of the picture of 2020. To push his vaccine agenda and make money for his friends REDFIELD needed covid to spread quickly across AMERICA. He saw the chance to get vaccines from his ARMY and PFIZER friends into everyone. He had to get people scared tho. He was in charge at the CDC and what did he do there. He made sure that CDC made a HUGE SNAFU and sent out faulty Covid tests. He did this to slow down all the LIBS who run public health so covid spread across the country. They couldn't track the virus so it went everywhere and scared people. Then he pushed the vaccine made by his MILITARY AND COMPANY buddies. We all know what happened next. The vaccines killed people.

REDFIELD didn't do this by himself. You already know the other GUILTY PEOPLE tho. Don't miss out on REDFIELD. He pushed rPOTUS into mistakes we could not stop.

AMERICA NEEDS PATRIOTS LIKE YOU. Use your legal skills to go after REDFIELD. Prove he did what we saw he did. Get him into court to stand beside FAUCI BRIGHT AND GATES when the trials start!!!!

Good luck to you from Another friend of rPOTUS

PS I might write again if I learn more about how much you are being monitored. I don't think they intercept letters. They think everyone uses phones 📱

Personal Comment

I was not, and remain in no way threatened by Reference 1. Please feel free to insert these materials into your “open file.” Such already exists at the US Department of Justice (DOJ). This resulted from my testimony in the product liability death case of Flax v DaimlerChrysler. Long before the current trendiness of realizing that the DOJ has been “weaponized,” I am the witness that testified in open court in Nashville, Tennessee on how the corporatization of the DOJ led to the manslaughter of one-year-old Joshua Flax. I am perhaps the only person to testify against the DOJ . . . and live to tell about it.

CONCLUSION : President Donald J. Trump, the Most-Lied-To and Most-Lied-About President in U.S. History

The only “threat” I might pose to Mr. Donald J. Trump is of an ethical and patriotic nature. I am compelled to demand that he recognize, for the sake of himself, the First Family and the nation; that he was the **most-lied-to** and the **most-lied-about** president in US history.

Of those lies, none are more insidious and far-reaching as those borne in the criminality of the “*COVID-19 pandemic*.” The hard data regarding the devastation caused by the mRNA needles (even that surviving censorship) is not receding; indeed it is amassing at an accelerating pace, and at the global level. Unless Mr. Trump forthrightly and publicly corrects his “*wonderful vaccine*” position, the history books will forever assign the horrific adverse events data and its cause (Operation Warp Speed) to the Trump Family name.

I take no pleasure demanding the correction proposed in Reference 2. But I remain steadfast: At this point, the torrid legacy of Operation Warp Speed includes, and is inextricably **connectable** to the ongoing agony endured by Mrs. Jummai Nache and her family.

If Mr. Trump embraces this reality, and provides humanity with the whole truth, his legacy will be fortified, and he will be credited historically for his offering of further confirmation of the **willful misconduct** that permeates the entirety of the “*COVID-19 pandemic*.”

A key outcome of Mr. Trump’s further confirmation will be the obviating of LIABILITY IMMUNITY which is so gleefully deployed and enjoyed by his political enemies. The justice so desperately needed among millions nationally and worldwide, at present and in the future, is at stake.

I will be in contact with your office to request, in behalf of the US taxpayer, affirmation of the Subject question (at-bottom Page 4). Please feel free to contact me at any time, with *any* questions you may have.

Respectfully yours,

Paul V. Sheridan
