Subject 1 : Voiding of modRNA Manufacturer LIABILITY IMMUNITY Provision of PREP Act :
Justified by Ongoing Willful Misconduct, False Claims, and RICO Level Criminality
by modRNA “Vaccine” Manufacturers – **Focus on Pfizer, Inc.**

Subject 2 : Request for Sworn Congressional Testimony of Pfizer CEO Dr. Albert Bourla :
Recipient and Participant in the Dr. Fauci / Dr. Bright “*Entity of Excitement*”

Reference 1 : 12 October 2022 Press Conference of the European Union Parliament;
Urgent Inquiry Upon Pfizer by Mr. Cristian-Vasile Terheş of Romania

Reference 2 : Epoch Times Article of 18 January 2024 by Ms. Eva Fu:
Chinese Lab Sequenced COVID-19 Weeks Before Beijing Disclosed Data

Reference 3 : US Congress Press Release: *E&C Investigation Uncovers Earliest Known
SARS-CoV-2 Sequence Released Outside of China*

Dear Congresswoman Greene / Congresswoman McMorris Rodgers:

The following are screenshots of content I have communicated many times in earlier correspondences :

Pre-planned Underbelly of COVID-19 Criminal Enterprise is *Liability Immunity*

I have asked *many* times :

**Does anyone actually believe that Mr. Albert Bourla would have sold his
mRNA needles into a market wherein he and Pfizer were *not* protected by
liability immunity?!**

**“The so-called ‘COVID-19 vaccine’ is not in response to the SARS-CoV-2 virus;
but the exact opposite!”**

It is time that Dr. Albert Bourla is sworn before the United States Congress to provide
detailed answers to questions that are provoked by Reference 1 . . .

During Reference 1, Mr. Cristian-Vasile Terheș of Romania asked the following urgent question of **Pfizer** :

“How is that possible?!”

“ Everyone is avoiding these, I would say, logical questions. There is another issue. A year ago, I requested them (Pfizer) to submit some details and data to me, because I wanted to have an informed decision, I will say, when I voted in favor or against the ‘Green Certificate.’ And one of the questions I asked was, to send me all trials, the tests, the clinical trials that all these medical companies had done, either in animals or in humans before they requested the marketing authorization (for the COVID vaccine).

So, in the case of Pfizer, here is something interesting. When they submitted the information and the clinical trials to Pfizer; here is all the tests, that they submitted along with their request.

They submitted a clinical trial that started on January 14, 2020!

I asked yesterday, the representative of Pfizer, and she declined to answer, how is it possible, that we, the world, found out in December 2019 that there is a COVID or coronavirus, as it is called, in China, December of 2019? On January the 11th the Chinese government released the DNA data, or a segment of it, to the public and three days later, Pfizer already started the tests for the vaccine. How is that possible?!

She did not answer.”

Why not?!

Part of the answer to Mr. Terheş' question is the following RICO-level criminal reality:

“The so-called ‘COVID-19 vaccine’ is not in response to the SARS-CoV-2 virus; but the exact opposite!”

A screenshot from my 27 November 2023 letter to the Cornell University Board of Trustees . . . the second quote of Dr. Rick Bright relates directly to (instant) **SUBJECT 2** :

Distraught after their presidential candidate failed in 2016, at a meeting of the GU Center for Global Health, Science and Security; Dr. Fauci asserted his infamous **“surprise outbreak”** on 10 January 2017 :

“There will be a challenge (for) the coming Administration in the arena of infectious diseases, both chronic infectious diseases in the sense of already ongoing disease, and we have certainly a large burden of that, but also there will be a surprise outbreak.”

With Dr. Anthony Fauci seated to his left and in complete endorsement, at the closed-door session of 29 October 2019 at the Milken Institute Future of Health Summit, HHS director Dr. Rick Bright confirmed the schedule of their modRNA promotions, such as the **“entity of excitement . . . in China ”** :

“There might be a need, or even an urgent call for an entity of excitement out there, that’s completely disruptive, that’s not beholden to bureaucratic strings and processes . . . But it is not too crazy to think that an outbreak of a novel avian virus could occur in China somewhere . . .”

During a break from House Select Subcommittee on the Coronavirus Pandemic hearing of 8 January 2024, Congresswoman Greene responded (in astonishment) to media questions about Dr. Fauci's testimony :

"We're having him (Dr. Fauci) come in before our full committee later this year.

I think what has taken-me-back is the fact that Dr. Fauci fully believed in creating or enhancing viruses using the Gain of Function (GoF) research or that capability in order to create vaccines.

And this is a shocking thing to think about; the average person or most doctors practicing, you know, every day in their doctor's offices, are blown away with the fact that he would create or enhance a virus in order to create a vaccine to fight it, because the risk is so high.

And what is shocking to me is that back in 2012 he actually wrote a paper about it, and wrote about a scenario that a pandemic could get released upon the world, and he spelled that out in his article. And in the article he says that it is worth the risk. But it's not worth the risk, because millions of people died. Millions of people lost loved ones.

And actually this is more of an evil version of science, it is like a Dr. Frankenstein of science, that American taxpayers would never want their tax dollars used for. The clarity that I heard him talk about, that we were asking him about this specific article is that he knew the risks. And that is clear.

Not only did he write about it in 2012, but we were talking about it in there (the hearing).

And I think I can speak for many Americans, when I can say absolutely that he belongs in jail for that."

The Dr. Fauci testimony is confirmation that the "entity of excitement" was their pre-planned sales & marketing hand-off to the modRNA manufacturers.

CONCLUSION

All the way back in 2021, during my interview with the Stew Peters Network, I specifically discussed the voiding of LIABILITY IMMUNITY. I specifically named Pfizer, and the fact that the PREP Act lists merely willful misconduct as a voiding criteria. **I discussed the fact that evidence of criminal misconduct was “already in the public domain.” My interview was prior to References 1, 2, and 3.**

These References, and other evidence, compels me to assert that Pfizer and its CEO Dr. Albert Bourla were original participants and/or beneficiaries in the Dr. Fauci / Dr. Bright “*Entity of Excitement*” schemes.

Thank you so much for your good efforts. Please do not hesitate to contact me at any time.

Respectfully yours,

Paul V. Sheridan
