**Subject: Ensuring Liability Immunity for Ivy League University Presidents and Staffs – Student Signature / Consent Requirements for COVID-19 “Vaccine”**

**Reference: Plan by Ivy League Universities to Make COVID-19 “Vaccinations” Mandatory**

**Dear Ivy League University Presidents:**

There are two exhibits and one enclosure; the exhibits are:

1. “Preparing for COVID-19 vaccination rollout | Updates | COVID-19 and Reactivation Planning”  
Cornell University (Published on January 4, 2021)
2. State of Florida “COVID-19 Vaccine Screening and Consent Form” (Pfizer edition)

The current president of my alma mater, Martha Pollack, claims she is relying upon guidance from various “health authorities.” Relative to New York State, she is cooperating with authorities deployed/deployable by Governor Andrew Cuomo; the person connectable to more COVID-19 deaths than most nations:

**Context – Part 1 : Ivy League Assistance with Pharmaceutical Industry Liability Immunity**

Cornell University graduate Dr. Anthony Fauci, Director of the National Institute of Allergy and Infectious Diseases (NIAID) successfully lobbied for national-level liability immunity for the pharmaceutical industry, focused on shielding them from injury / death case litigation that plaintiffs had filed (and continue to file) alleging that such was caused by defective, unproven and therefore unsafe vaccines. This immunity now appears to apply regardless of the approval status (of the vaccine) from the Federal government, such as Centers for Disease Control (CDC), Food and Drug Administration (FDA), the National institutes of Health (NIH), etc. But Fauci’s immunity does not extend to other individuals or institutions that are liable for any injury / death that can be connected to the vaccinations of recipients under their purview, control or custodianship. Students forcefully advised or out-richtly forced (by you) to be injected with the COVID-19 “vaccine” are examples ... **the students are under your purview, control and legal custodianship.**

**Context – Part 2 : The Verisimilitude of Nuremburg?**

Regarding the forcing of students to be injected with the COVID-19 “vaccine,” regarding her vying for future mandatory vaccinations, Pollack declared (Exhibit 1):

**At this time, Cornell is not requiring our employees or students to be vaccinated; however, we strongly encourage each of you to be vaccinated when you become eligible. Vaccination is key to the resolution of this global pandemic, and we hope that you all take this opportunity to protect yourselves, as well as our community.**

It is well-known that her second sentence is utterly false. Without evoking the overwhelming success of treatments (such as Ivermectin, nutrition, the immune system, etc.), the Exhibit 2 ‘Fact Sheet’ is known to her, and refutes entirely the essence of her “key” claim (screenshot):

The Pfizer-BioNTech COVID-19 Vaccine is a vaccine and may prevent you from getting COVID-19. There is no U.S. Food and Drug Administration (FDA) approved vaccine to prevent COVID-19.

**“May prevent”?! A document/wording authored by Pfizer!!** Refuted by *nation* of India? Its decisions regarding the so-called COVID-19 “vaccine” are just the beginning of honest discussion. Imagine, a student from India related to **Mr. Rajan Tata**, not required to be injected in their home nation, but if they attempt acceptance into Cornell University, they could, at some future time, be compelled to do so by Pollack?

Under the Constitution, Pollack’s intent to make vaccination mandatory is not merely immoral, but relative to the **true** composition of the COVID-19 “vaccine,” is unenforceable. Pollack’s declaration is a not-so-subtle follow-up to Harvard’s Alan Dershowitz. Regarding COVID-19, but glossing-over basic facts, he threatened:

*“Let me put it very clearly, you have no Constitutional right to endanger the public and spread the disease even if you disagree; **you have no right not to be vaccinated**, you have no right not to wear a mask, you have no right to open up your business. And if you refuse to be vaccinated the state has the power to literally take you to a doctor’s office and **plunge a needle into your arm!**”*

Known to Dershowitz . . . neither face-masks or the “vaccine” prevent endangerment or the spread, **or COVID-19 itself (!)** ; therefore one wonders about the ethical/intellectual status of this Ivy League professor.

Perhaps a legal refresher on the acronym “EUA” will accommodate a Dershowitz retraction.

Addressing the Dershowitz threat of coercion (against students); to plunge a needle into their arms, forcing compliance with mandatory vaccination, a hypocritical denial of Nuremburg . . . the latter escaped his . . . remembrance?

**Context – Part 2 : The Verisimilitude of Nuremburg? – conclusion**

I am not singling out Professor Dershowitz. Hardly. There are many examples of similar outbursts, from a myriad of even more incompetent sources (i.e. vested interests).

Recently Dr. Marc Siegel lauded and displayed what he called a “vaccine passport.” Apparently now required by the hapless government of . . . Iceland!? Siegel praised Iceland’s mandate which requires that anyone attempting to enter its territory must prove that they have submitted to COVID-19 “vaccination.” Siegel’s “vaccine passport” must be presented prior to entry.

But then Siegel described his real agenda, **mandatory COVID-19 “vaccination” for all**; required prior to the issuance of Soviet-styled “papers” that would be required for traveling state-to-state. Siegel babbled about an upcoming visit to his mother, currently living here in Michigan.

In December Siegel declared the EUA deployment of the COVID-19 “vaccine” as, *“A holiday gift for all.”*

The underbelly of Siegel’s most recent Fox News rant with Tucker Carlson, was that such mandates and Soviet-styled “papers” are *not* coercion. Uh huh. Instead his “vaccine passport” sputum is the result of his new label . . . hold for it . . . **“incentive.”** Siegel spewed, with a straight-face, that forcing Americans to be vaccinated in order to travel across state borders is part of his “incentive” plan.

So . . . according to Siegel, and brethren of his ilk, ***not*** allowing citizens to travel from state-to-state, and ***not*** granting them passage at state border check points unless they prove submission to “vaccination” (showing an intra-national “vaccine passport”) ***is now enforceable under the new labeling: “incentive.”***

**I am confident that the clerks and lawyers and judges of Nuremburg are turning in their graves . . .**

**Context – Part 3 : American Communist State and the Impossibility of 'Informed Consent'**

Take a look at the following image . . . take a good long look:

Her name is Susan Wojcicki. She runs YouTube. The self-appointed high priestess of Leninist-styled NKVD censorship . . . Wojcicki and her band of unnamed and incommunicado staff decide what and from whom the rest-of-us will obtain our . . . **information . . . insidiously COVID-19 information in-particular.**

I am not singling out Wojcicki. Hardly. Organizations of similar agenda-driven censorship include but are not limited to: WordPress, Vimeo, Google, Twitter, Instagram . . . and Ivy League university press.

Regarding COVID-19, let us examine the legal implications of her censorship; a practice that is endorsed and encouraged; if not out-rightly practiced by certain Ivy League university presidents.

**Context – Part 3 : American Communist State, the Impossibility of “Informed Consent” - Conclusion**

Relating to Siegel’s putrid *“incentive”* label, the ongoing practice of labeling anyone that disagrees or merely questions the *alleged* main-stream is slandered with the diatribe *“anti-vaxxer.”* I suspect certain Ivy League University presidents have deployed that slander.

An outrageous example, one that defense lawyer Dershowitz would otherwise represent, were it not for his demonstrated ignorance, bias, and penchant for hypocrisy . . . Ms. Bonnie Jacobson.

The scenario? Ms. Jacobson was a waitress at the Red Hook Tavern, located in lower Manhattan.

At no time did Ms. Jacobson do or say *anything* that would “justify” the vested-interests slandering of her as an *“anti-vaxxer.”* In fact, she did the exact opposite! She openly and publically announced her support for vaccination in-general, and explained that she was considering the COVID-19 “vaccine.”

Her offense? Ms. Jacobson merely asked for more time, to pursue more specific information, so she could make *“an informed decision for her baby.”* That is correct, she is pregnant and maternal instincts are on high alert. Her reward? **She was vilified by the New York City media, and fired ... get this, *by email!***

Am I too bold to presume that Ivy League presidents will not fault Ms. Jacobson for wanting to be informed? To be educated? To be intelligent, and serious about the safety of the unborn? To act in a manner that reinforces her rights as a woman in an alleged advanced civil society?

I am in contact with the law firm representing Ms. Jacobson. She sought information about the COVID-19 “vaccine” specific to pregnancy, but since nothing definitive exists (derived from detailed scientific trials by *any* national government), her task was frustrating. But it gets far worse, and involves a sequence that connects all of the above to the reality of **“the impossibility of informed consent”** :

Ms. Jacobson was hesitant, even without having prior access to information involving the pregnancy of Dr. Sara Beltrán Ponce. The reason for that lack of easy access? All videos, interviews, opinions and information about Dr. Ponce’s child **were banned by Susan Wojcicki of YouTube, et al.**

**It is impossible to offer ‘informed consent,’ with any measure of alacrity, when the informing process is rendered non-existent by a world-wide, Soviet-styled, Ivy League endorsed censorship.**

**Preamble to Subject Discussion and Recommendation**

The mandatory vaccination envisioned by Martha Pollack, and the Ivy League, provokes review of Exhibit 2. From page 2 of State of Florida “COVID-19 Vaccine Screening and Consent Form” :

I understand that it is not possible to predict all possible side effects or complications associated with receiving vaccine(s). I understand the risks and benefits associated with the above vaccine and have received, read and/or had explained to me the Emergency Use Authorization Fact Sheet on the COVID-19 vaccine I have elected to receive. I also acknowledge that I have had a chance to ask questions and that such questions were answered to my satisfaction.

That first sentence is absurd; the second / third approaches last-minute pressure-point coercion. The fraud is borne by the censorship that afflicts the trusting and innocent global populations. In this corrupt scenario, well-understood by Ivy League presidents, we ask: How can anyone come to “understand” anything about COVID-19? How can anyone have “a chance to ask questions” that are informed? On point?

The global citizenry, as well as university students, are indoctrinated with lies such as **“vaccination is key to the resolution of this global pandemic.”** Then their enforced ignorance (via censorship) is fully exploited; they are inundated with horrific prospects of ongoing lockdowns if they fail to submit, or openly resist, or merely question, the COVID-19 “vaccine.” **Can Dershowitz or Siegel say “coercion”?!**

The Telegraph

## It's essential that the public sees a correlation between the jab rollout and the end of lockdown

**Ross Clark**

Mon, January 25, 2021, 9:52 AM

Care home resident receives an injection of the coronavirus vaccine - Jacob King /PA

**Preamble to Subject Discussion and Recommendation – con't**

The most egregious and punishable “offence” of the global citizenry, especially as it relates to the so-called “Great Reset,” is to question the safety of the COVID-19 “vaccine.” But those encumbered with average intelligence will struggle to decode, **if the “vaccine” is so safe**, then why are the pharmaceutical giants immune from liability, and why are State officials now demanding a “COVID-19 Vaccine Consent Form” ??

The global citizenry are being victimized by an utter lack of ethics, to the point that their lives are more cartoonish than real . . . a more accurate rendering of the high-pressure moment prior to vaccination:

At no time have the *Dershowitzs*, or the *Siegels*, or the *Gates*, or the *Faucis*, or the *Trumps*, or the *Adhanoms*, or the *Soros*, or the *Klaus Schwabs* of the world . . . or any Ivy League president explained, with basic integrity, either verbally or at their “New Normal” websites, the issue of pharmaceutical industry liability immunity from a “vaccine” that they all forcefully assert is “safe.”

**Preamble to Subject Discussion and Recommendation – Conclusion**

It is no secret that major educational institutions are suspected of being connected-to the violence of Antifa, and the violent doctrines, and implementations, and history of Marxist Communism:

**Subject Discussion**

**Ensuring Liability Immunity for Ivy League University Presidents and Staffs –  
Student Signature / Consent Requirements for COVID-19 “Vaccine”**

**Plan by Ivy League Universities to Make COVID-19 “Vaccinations” Mandatory**

The web pages of my alma mater reference the ‘Centers for Disease Controls’ (CDC) as a “health authority” that Cornell University is relying upon for “guidance” regarding COVID-19.

The nominee for Assistant Secretary of Health and Human Services (HHS) ... the CDC, that the Ivy League relies upon for its “guidance” ... is part of HHS:

In July 2020 I detailed the COVID-19 history of Rachel Levine (see Enclosure, Attachment 2):

21 July 2020 Dr. Anthony S. Fauci  
Page 25 of 36

The Pennsylvania Secretary of Health Rachael Levine was unabashed about the reasons she relocated her mother out-of-harms-way, by removing that mother from a nursing home, that was subsequently ordered by Ms. Levine to accept “COVID-19 positive” residents.

Will future COVID-19 “guidance” **escalate**, now that such criminality has been elevated to the HHS/CDC?

Existing and anticipated “guidance” from a new CDC compels this discussion; **we examine what serves as a pro-forma, exemplified on Page 2 of the Florida “COVID-19 Vaccine Screening and Consent Form.”**

**Subject Discussion – Conclusion****Ensuring Liability Immunity for Ivy League University Presidents and Staffs –  
Student Signature / Consent Requirements for COVID-19 “Vaccine”****Plan by Ivy League Universities to Make COVID-19 “Vaccinations” Mandatory**

Prior to injection, the Florida recipient of the COVID-19 “vaccine” must not only sign away their personal legal rights, but they must also sign away the rights of relatives and heirs. In so doing, they grant immunity to everyone under the Florida sun; from page 2 of Exhibit 2:

On behalf of myself, my heirs and personal representatives, I hereby release and hold harmless the State of Florida, the Florida Department of Health (DOH), and their staff, agents, successors, divisions, affiliates, subsidiaries, officers, directors, contractors and employees from any and all liabilities or claims whether known or unknown arising out of, in connection with, or in any way related to the administration of the vaccine listed above.

I have decades of experience with plaintiff and defense attorneys. Regarding the former, many of whom are educated by Ivy League law schools, I have assisted with a central tenet of their profession, their primary focus and duty: **Vigorous and Relentless Advocacy for the Client.**

One of the more strenuous and successful dimensions of my practice involves ‘**Duty to Warn.**’ Despite widespread and malicious censorship practiced by the person shown on page 4 above, the following headlines are still getting through, and available to Ivy League university presidents and staffs:

**NEWS****Experimental vaccine death rate for Israel’s elderly 40 times higher than COVID-19 deaths: researchers**

*Pfizer’s vaccine killed ‘about 40 times more (elderly) people’ and ‘260 times’ more of the young than ‘what the COVID-19 virus would have claimed in the given time frame.’*

Mon Mar 1, 2021 - 9:12 pm EST

Despite ‘data currently available’ the Cornell “**New Normal**” website promotes cagey wording:

**Is the vaccine safe? ⓘ UPDATED MAR 3**

All data currently available indicate that the vaccines are safe. Thus far, no serious long-term side effects have occurred and no study participants who received vaccine died of COVID-19. Some individuals do experience minor side effects that reflect the body’s immune response beginning; a tiny number of individuals have experienced allergic reactions and have required immediate treatment, which has been successful.

**Subject Discussion – Recommendation**

**Ensuring Liability Immunity for Ivy League University Presidents and Staffs –  
Student Signature / Consent Requirements for COVID-19 “Vaccine”**

**Plan by Ivy League Universities to Make COVID-19 “Vaccinations” Mandatory**

Context – Part 1 (page 1 above) introduces the lack of liability immunity for the Ivy League. Whether the university policy position is “strongly encouraged” or mandatory, there is no viable defense versus a claim that harm, of any kind, is a result of the COVID-19 “vaccination” issue.

Even at a policy level of “strongly encouraged,” litigation would be tenable for the plaintiffs’ if connectable **in any way** to, say, the admissions process/criteria.

In the context of **Vigorous and Relentless Advocacy for the Client**, the Ivy League presidents and staffs would be subjected to plaintiffs’ claims if a pro-pharmaceutical industry Development agenda is connectable to admission rejection. Ivy League universities receive *direct* financial support from the pharmaceutical industry. It could be argued that ‘Development Office’ influence is evidenced by Cornell’s “New Normal” website wording. Additionally, regarding the *indirect*, especially for Cornell, financial support also comes from multi-billion-dollar investors / shareholders in the pharmaceutical industry.

## Bill Gates: The Best Investment I’ve Ever Made

Global health groups that buy and distribute medicines are a sure bet for saving lives, but their government funding is now in danger, and even the biggest philanthropies can’t fill the gap

By *Bill Gates*  
Jan. 16, 2019 7:01 pm ET

Merely a civil matter, the admissions application that is rejected because the student (on their own or through parents) chose not to waive their health, to an industry that Anthony Fauci continues to protect, would make a very interesting case to defend; **Despite the case fact that no physical injury or death is claimed.** The latter, more pressing, potentially criminal issue is addressed next.

### Subject Discussion – Recommendation

#### Ensuring Liability Immunity for Ivy League University Presidents and Staffs – Student Signature / Consent Requirements for COVID-19 “Vaccine”

#### Plan by Ivy League Universities to Make COVID-19 “Vaccinations” Mandatory

Admissions rejection is not some “conspiracy theory.” Cornell made flu vaccination mandatory, alleging CDC “guidance.” That requirement was unconstitutional; enforced by Pollack, requiring student signature, on the basis of her July 31, 2020 *Cornell Student Behavioral Compact*.

The flu vaccination enforced upon the Cornell student body was an approved vaccine. **Well-known to Ivy League presidents some of whom are ‘Public Health Experts.’ the COVID-19 injection is not approved; it is merely an EUA experiment.** Hence the Dershowitz rant on page 2 above is repulsive. (Beyond the scope of this letter, relating to strict legal precedent and chemical constituency, the deployment of the COVID-19 injection as a “vaccine” is also not legally or technically defensible.)

This creates a legal situation that Ivy League presidents and staffs are not prepared for, or protected from: These employees lack a similar liability immunity that Fauci obtained for his pharmaceutical comrades, and now which Florida Governor DeSantis has established for himself and his employees. Again, Exhibit 2:

On behalf of myself, my heirs and personal representatives, I hereby release and hold harmless the State of Florida, the Florida Department of Health (DOH), and their staff, agents, successors, divisions, affiliates, subsidiaries, officers, directors, contractors and employees from any and all liabilities or claims whether known or unknown arising out of, in connection with, or in any way related to the administration of the vaccine listed above.

In the alternative, we have Governor Andrew Cuomo of New York, the person that Cornell University President Martha Pollack relies upon as one source of COVID-19 “guidance.” Cuomo has hired the defense attorney that represents the esteemed Harvey Weinstein. It is probable that Cuomo, like many other existing and upcoming defendants will **in-turn** point to federal “health authorities,” such as Anthony Fauci and the HHS/CDC, as central to their COVID-19 related defense cases.

### Recommendation

Under the **purview, control and legal custodianship**, of the eight Ivy League presidents and their staffs, are hundreds-of-thousands of students. Given the truth about ‘data currently available,’ hinted-at by the headlines on page 10, it would be imprudent for you to presume that COVID-19 “vaccine” related injury or death will not befall our student body. I am hereby placing you on notice of my opinion that it will.

Using the precedent established by Anthony Fauci, and Exhibit 2 as a *pro forma*, it is recommended that the Ivy League presidents issue a similar form, for the purpose of obtaining liability immunity by enforcing a ‘Student Signature and Consent’ for all COVID-19 “vaccinations.” This should be issued immediately, regardless of the university policy level (“strongly advised” or mandatory).

**Personal Observation**

**Ensuring Liability Immunity for Ivy League University Presidents and Staffs –  
Student Signature / Consent Requirements for COVID-19 “Vaccine”**

**Plan by Ivy League Universities to Make COVID-19 “Vaccinations” Mandatory**

**Personal Observation**

Far too many of the educated and informed, have no knowledge of the liability immunity that shields the pharmaceutical industry, versus injury or death caused by their COVID-19 “vaccine”. The young and the laypeople are even less well-informed.

This is no surprise. The Cornell University “New Normal” pages, while proclaiming “strongly encouraged” and making strenuous claims about COVID-19 “vaccine” safety,” fail to inform the Cornell students and Ithaca, New York community about the liability immunity subject, prior to being injected.

Therefore, consistent with the Ivy League *purpose* of educating and informing, the above Recommendation will also serve to assist with that purpose in behalf of students, parents and guardians; ensuring that their ‘informed consent’ is viable, *and defensible from a would-be defendant’s point-of-view*. A “New Normal” which openly informs is now in-place in Florida.

**Otherwise, we have the “informing” (i.e. sales & marketing) practiced by what the news media calls, “America’s doctor.”**

### Personal Observation

#### Ensuring Liability Immunity for Ivy League University Presidents and Staffs – Student Signature / Consent Requirements for COVID-19 “Vaccine” Plan by Ivy League Universities to Make COVID-19 “Vaccinations” Mandatory

#### Personal Observation – conclusion

In terms of informing our students and their parents/guardians, the scenario that will result from the Recommendation (page 12) is in stark contrast to the insidious purposes of the widely enforced practice of censorship.

By requiring their signature, similar to that already mandated by Pollack on her July 31, 2020 *Cornell Student Behavioral Compact*, you will offer the students/parents/guardians the basic courtesy of ensuring that they are aware of the COVID-19 liability immunity issue.

Failure to offer this basic courtesy, in the context of ‘**Duty to Warn**’ (page 10 above), is not only blatantly rude, it is indefensible. The latter will have enormous and notorious legal implications at precedent levels of at least Nuremburg, and probably beyond.

Please feel free to contact me at any time.

Cordially yours,

Paul V. Sheridan

COVID-19 “vaccine.” Merely asking if connectable  
Robert F. Kennedy Jr. labeled “**anti-vaxxer.**”

**Right Column**

Individuals did NOT take the advice of Anthony  
Fauci and other “health authorities.”

**ALIVE**

TV host Ms. Wendy Williams has declared she will  
not be injected with COVID-19 “vaccine,” labeled  
“**anti-vaxxer.**”

Dr. Sara Beltrán Ponce suffers miscarriage  
one week after COVID-19 “vaccine.”  
**Infant died in the womb.**

Ms. Bonnie Jacobson merely asked for safety  
specifics of COVID-19 “vaccine” during pregnancy.  
Labeled “**anti-vaxxer,**” fired from waitress position.  
**Baby in womb remains healthy.**

# Statement on the Recent Killings of Black People in America

*May 29, 2020*

Dear Cornellians,

I am heartbroken, angry and frankly sickened by the recent killing of George Floyd, and before him, Ahmaud Arbery, Breonna Taylor and others whose deaths are less well publicized.

The amount of pain in the Black community is unfathomable, especially as these are occurring in the midst of a pandemic that is having such a disproportionate impact on communities of color.

Decent people and institutions cannot stand silent while such violence against our fellow citizens continues.

I want to make clear, both personally and on behalf of Cornell, that we will do all we can as a university to address this scourge of racism. We will address it directly in our educational programs, in our research and in our engagement and related activities, working through the ways we know best to push for a world that is equitable and kind; where people do not have to fear for their lives because of the color of their skin; and where everyone has the same opportunities to grow, thrive and enjoy their lives.

My heart goes out to everyone who is feeling the pain of these recent incidents.

Sincerely,

Martha

# Preparing for COVID-19 vaccination rollout | Updates | COVID-19 and Reactivation Planning | Cornell University

**EXHIBIT 1 - 1 Page**

Jan. 4, 2021

Dear Cornell community,

We wish you all a very happy new year. Over the past few weeks, the country has achieved an important milestone as COVID-19 vaccine distribution has begun. We are writing today to share information regarding vaccinations for the Cornell community.

As you may know, New York state has developed a [phased approach to distribute COVID-19 vaccines](#), with the initial current phase focused on health care workers. Cornell is working with Cayuga Health System (CHS) and the Tompkins County Health Department to identify individuals within the Cornell community who are eligible for vaccination based on the New York State Department of Health distribution criteria. The vaccines themselves are being administered by CHS.

At this time, Cornell is not requiring our employees or students to be vaccinated; however, we strongly encourage each of you to be vaccinated when you become eligible. Vaccination is key to the resolution of this global pandemic, and we hope that you all take this opportunity to protect yourselves, as well as our community.

Employees will be provided paid time off should their vaccination appointment fall during scheduled work time. This time off will include travel to and from the distribution site. While the vaccine is free, insurance will be charged an administration fee. There is no copay, the cost is not subject to deductible and there is no charge if you do not have health insurance.

While it is wonderful that vaccination is underway in New York state, it is important to recognize that providing the vaccine to the general population of our faculty, staff and students will take time, likely many months. We are working collaboratively with CHS and with our local health department to plan for future phases of vaccine distribution. At this time, we do not know whether we will be providing vaccine distribution on campus; that decision will be made by the NYS Department of Health. As soon as we know, we will share that information with you.

As the vaccination process continues, please remain vigilant and continue to adhere to the public health guidelines put in place to protect our community. In addition to vaccination, the Centers for Disease Control and Prevention recommends continued use of preventive measures, including face coverings, physical distancing, avoiding close contact with people who are sick, avoiding crowds and frequent hand washing, as the best defense against contracting and spreading the virus.

Dr. Anne Jones, Cornell Health medical director and COVID-19 public health officer, and Frank Cantone, chair of the Cornell COVID-19 Response Team, are leading the university's vaccination efforts. As soon as we have more information to share on vaccination, you will be hearing from them. We will also be setting up an email inbox for questions that may arise.

Sincerely,

Martha E. Pollack  
President

Michael Kotlikoff  
Provost

### SECTION 2: COVID-19 SCREENING QUESTIONS

Please check YES or No for each question.	Yes	No
1. Do you have today or have you had at any time in the last 10 days a fever, chills, cough, shortness of breath, difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea, vomiting, or diarrhea?		
2. Have you tested positive for and/or been diagnosed with COVID-19 infection within the last 10 days?		
3. Have you had a severe allergic reaction (e.g. needed epinephrine or hospital care) to a previous dose of this vaccine or to any of the ingredients of this vaccine?		
4. Have you had any other vaccinations in the last 14 days (e.g. influenza vaccine, etc.)?		
5. Have you had any COVID-19 Antibody therapy within the last 90 days (e.g. Regeneron, Bamlanivimab, COVID Convalescent Plasma, etc.)		

### SECTION 3: IMMUNIZATION SCREENING GUIDANCE FOR COVID-19 VACCINE

Please check YES or No for each question.	Yes	No
6. Do you carry an Epi-pen for emergency treatment of anaphylaxis and/or have allergies or reactions to any medications, foods, vaccines or latex?		
7. For women, are you pregnant or is there a chance you could become pregnant?		
8. For women, are you currently breastfeeding?		
9. Are you immunocompromised or on a medication that affects your immune system?		
10. Do you have a bleeding disorder or are you on a blood thinner/blood-thinning medication?		
11. Have you received a previous dose of any COVID-19 vaccine? If yes, which manufacturer's vaccine did you receive:		

- I certify that I am: (a) the patient and at least 18 years of age; (b) the parent or legal guardian of the patient and confirm that the patient is at least 16 years of age; or (c) authorized to consent for vaccination for the patient named above. Further, I hereby give my consent to the Florida Department of Health (DOH) or its agents to administer the COVID-19 vaccine.
- I understand that This product has not been approved or licensed by FDA, but has been authorized for emergency use by FDA, under an EUA to prevent Coronavirus Disease 2019 (COVID-19) for use in individuals 16 years of age and older; and the emergency use of this product is only

authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of the medical product under Section 564(b)(1) of the FD&C Act unless the declaration is terminated or authorization revoked sooner.

- I understand that it is not possible to predict all possible side effects or complications associated with receiving vaccine(s). I understand the risks and benefits associated with the above vaccine and have received, read and/or had explained to me the Emergency Use Authorization Fact Sheet on the COVID-19 vaccine I have elected to receive. I also acknowledge that I have had a chance to ask questions and that such questions were answered to my satisfaction.
- I acknowledge that I have been advised to remain near the vaccination location for approximately 15 minutes after administration for observation. If I experience a severe reaction, I will call 9-1-1 or go to the nearest hospital.
- On behalf of myself, my heirs and personal representatives, I hereby release and hold harmless the State of Florida, the Florida Department of Health (DOH), and their staff, agents, successors, divisions, affiliates, subsidiaries, officers, directors, contractors and employees from any and all liabilities or claims whether known or unknown arising out of, in connection with, or in any way related to the administration of the vaccine listed above.
- I acknowledge that: (a) I understand the purposes/benefits of Florida SHOTS, Florida's immunization registry and (b) DOH will include my personal immunization information in Florida SHOTS and my personal immunization information will be shared with the Centers for Disease Control (CDC) or other federal agencies.
- I further authorize DOH or its agents to submit a claim to my insurance provider or Medicare Part B without supplemental coverage payment for me for the above requested items and services. I assign and request payment of authorized benefits be made on my behalf to DOH or its agents with respect to the above requested items and services. I understand that any payment for which I am financially responsible is due at the time of service or if DOH invoices me after the time of service, upon receipt of such invoice.
- I acknowledge receipt of the Notice of Privacy Rights.

## **FACT SHEET FOR RECIPIENTS AND CAREGIVERS**

### **EMERGENCY USE AUTHORIZATION (EUA) OF THE PFIZER-BIONTECH COVID-19 VACCINE TO PREVENT CORONAVIRUS DISEASE 2019 (COVID-19) IN INDIVIDUALS 16 YEARS OF AGE AND OLDER**

You are being offered the Pfizer-BioNTech COVID-19 Vaccine to prevent Coronavirus Disease 2019 (COVID-19) caused by SARS-CoV-2. This Fact Sheet contains information to help you understand the risks and benefits of the Pfizer-BioNTech COVID-19 Vaccine, which you may receive because there is currently a pandemic of COVID-19.

The Pfizer-BioNTech COVID-19 Vaccine is a vaccine and may prevent you from getting COVID-19. There is no U.S. Food and Drug Administration (FDA) approved vaccine to prevent COVID-19.

Read this Fact Sheet for information about the Pfizer-BioNTech COVID-19 Vaccine. Talk to the vaccination provider if you have questions. It is your choice to receive the Pfizer-BioNTech COVID-19 Vaccine.

The Pfizer-BioNTech COVID-19 Vaccine is administered as a 2-dose series, 3 weeks apart, into the muscle.

The Pfizer-BioNTech COVID-19 Vaccine may not protect everyone.

This Fact Sheet may have been updated. For the most recent Fact Sheet, please see [www.cvdvaccine.com](http://www.cvdvaccine.com).

#### **WHAT YOU NEED TO KNOW BEFORE YOU GET THIS VACCINE?**

##### **WHAT IS COVID-19?**

COVID-19 disease is caused by a coronavirus called SARS-CoV-2. This type of coronavirus has not been seen before. You can get COVID-19 through contact with another person who has the virus. It is predominantly a respiratory illness that can affect other organs. People with COVID-19 have had a wide range of symptoms reported, ranging from mild symptoms to severe illness. Symptoms may appear 2 to 14 days after exposure to the virus. Symptoms may include: fever or chills; cough; shortness of breath; fatigue; muscle or body aches; headache; new loss of taste or smell; sore throat; congestion or runny nose; nausea or vomiting; diarrhea.

##### **WHAT IS THE PFIZER-BIONTECH COVID-19 VACCINE?**

The Pfizer-BioNTech COVID-19 Vaccine is an unapproved vaccine that may prevent COVID-19. There is no FDA-approved vaccine to prevent COVID-19.

The FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine to prevent COVID-19 in individuals 16 years of age and older under an Emergency Use Authorization (EUA).

For more information on EUA, see the “**What is an Emergency Use Authorization (EUA)?**” section at the end of this Fact Sheet.

### **WHAT SHOULD YOU MENTION TO YOUR VACCINATION PROVIDER BEFORE YOU GET THE PFIZER-BIONTECH COVID-19 VACCINE?**

**Tell the vaccination provider about all of your medical conditions, including if you:**

- have any allergies
- have a fever
- have a bleeding disorder or are on a blood thinner
- are immunocompromised or are on a medicine that affects your immune system
- are pregnant or plan to become pregnant
- are breastfeeding
- have received another COVID-19 vaccine

### **WHO SHOULD GET THE PFIZER-BIONTECH COVID-19 VACCINE?**

FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine in individuals 16 years of age and older.

### **WHO SHOULD NOT GET THE PFIZER-BIONTECH COVID-19 VACCINE?**

You should not get the Pfizer-BioNTech COVID-19 Vaccine if you:

- had a severe allergic reaction after a previous dose of this vaccine
- had a severe allergic reaction to any ingredient of this vaccine

### **WHAT ARE THE INGREDIENTS IN THE PFIZER-BIONTECH COVID-19 VACCINE?**

The Pfizer BioNTech COVID-19 Vaccine includes the following ingredients: mRNA, lipids ((4-hydroxybutyl)azanediyl)bis(hexane-6,1-diyl)bis(2-hexyldecanoate), 2 [(polyethylene glycol)-2000]-N,N-ditetradecylacetamide, 1,2-Distearoyl-sn-glycero-3-phosphocholine, and cholesterol), potassium chloride, monobasic potassium phosphate, sodium chloride, dibasic sodium phosphate dihydrate, and sucrose.

### **HOW IS THE PFIZER-BIONTECH COVID-19 VACCINE GIVEN?**

The Pfizer-BioNTech COVID-19 Vaccine will be given to you as an injection into the muscle.

The Pfizer-BioNTech COVID-19 Vaccine vaccination series is 2 doses given 3 weeks apart.

If you receive one dose of the Pfizer-BioNTech COVID-19 Vaccine, you should receive a second dose of this same vaccine 3 weeks later to complete the vaccination series.

## **HAS THE PFIZER-BIONTECH COVID-19 VACCINE BEEN USED BEFORE?**

The Pfizer-BioNTech COVID-19 Vaccine is an unapproved vaccine. In clinical trials, approximately 20,000 individuals 16 years of age and older have received at least 1 dose of the Pfizer-BioNTech COVID-19 Vaccine.

## **WHAT ARE THE BENEFITS OF THE PFIZER-BIONTECH COVID-19 VACCINE?**

In an ongoing clinical trial, the Pfizer-BioNTech COVID-19 Vaccine has been shown to prevent COVID-19 following 2 doses given 3 weeks apart. The duration of protection against COVID-19 is currently unknown.

## **WHAT ARE THE RISKS OF THE PFIZER-BIONTECH COVID-19 VACCINE?**

Side effects that have been reported with the Pfizer-BioNTech COVID-19 Vaccine include:

- injection site pain
- tiredness
- headache
- muscle pain
- chills
- joint pain
- fever
- injection site swelling
- injection site redness
- nausea
- feeling unwell
- swollen lymph nodes (lymphadenopathy)

There is a remote chance that the Pfizer-BioNTech COVID-19 Vaccine could cause a severe allergic reaction. A severe allergic reaction would usually occur within a few minutes to one hour after getting a dose of the Pfizer-BioNTech COVID-19 Vaccine. Signs of a severe allergic reaction can include:

- Difficulty breathing
- Swelling of your face and throat
- A fast heartbeat
- A bad rash all over your body
- Dizziness and weakness

These may not be all the possible side effects of the Pfizer-BioNTech COVID-19 Vaccine. Serious and unexpected side effects may occur. Pfizer-BioNTech COVID-19 Vaccine is still being studied in clinical trials.

## **WHAT SHOULD I DO ABOUT SIDE EFFECTS?**

If you experience a severe allergic reaction, call 9-1-1, or go to the nearest hospital.

Call the vaccination provider or your healthcare provider if you have any side effects that bother you or do not go away.

Report vaccine side effects to **FDA/CDC Vaccine Adverse Event Reporting System (VAERS)**. The VAERS toll-free number is 1-800-822-7967 or report online to <https://vaers.hhs.gov/reportevent.html>. Please include “Pfizer-BioNTech COVID-19 Vaccine EUA” in the first line of box #18 of the report form.

In addition, you can report side effects to Pfizer Inc. at the contact information provided below.

Website	Fax number	Telephone number
<a href="http://www.pfizersafetyreporting.com">www.pfizersafetyreporting.com</a>	1-866-635-8337	1-800-438-1985

**WHAT IF I DECIDE NOT TO GET THE PFIZER-BIONTECH COVID-19 VACCINE?**

It is your choice to receive or not receive the Pfizer-BioNTech COVID-19 Vaccine. Should you decide not to receive it, it will not change your standard medical care.

**ARE OTHER CHOICES AVAILABLE FOR PREVENTING COVID-19 BESIDES PFIZER-BIONTECH COVID-19 VACCINE?**

Currently, there is no approved alternative vaccine available for prevention of COVID-19. FDA may allow the emergency use of other vaccines to prevent COVID-19.

**CAN I RECEIVE THE PFIZER-BIONTECH COVID-19 VACCINE WITH OTHER VACCINES?**

There is no information on the use of the Pfizer-BioNTech COVID-19 Vaccine with other vaccines.

**WHAT IF I AM PREGNANT OR BREASTFEEDING?**

If you are pregnant or breastfeeding, discuss your options with your healthcare provider.

**WILL THE PFIZER-BIONTECH COVID-19 VACCINE GIVE ME COVID-19?**

No. The Pfizer-BioNTech COVID-19 Vaccine does not contain SARS-CoV-2 and cannot give you COVID-19.

**KEEP YOUR VACCINATION CARD**

When you get your first dose, you will get a vaccination card to show you when to return for your second dose of Pfizer-BioNTech COVID-19 Vaccine. Remember to bring your card when you return.

## ADDITIONAL INFORMATION

If you have questions, visit the website or call the telephone number provided below.

To access the most recent Fact Sheets, please scan the QR code provided below.

Global website	Telephone number
<p data-bbox="315 415 618 445"><a href="http://www.cvdvaccine.com">www.cvdvaccine.com</a></p> 	<p data-bbox="954 464 1214 533">1-877-829-2619 (1-877-VAX-CO19)</p>

## HOW CAN I LEARN MORE?

- Ask the vaccination provider.
- Visit CDC at <https://www.cdc.gov/coronavirus/2019-ncov/index.html>.
- Visit FDA at <https://www.fda.gov/emergency-preparedness-and-response/mcm-legal-regulatory-and-policy-framework/emergency-use-authorization>.
- Contact your local or state public health department.

## WHERE WILL MY VACCINATION INFORMATION BE RECORDED?

The vaccination provider may include your vaccination information in your state/local jurisdiction's Immunization Information System (IIS) or other designated system. This will ensure that you receive the same vaccine when you return for the second dose. For more information about IISs visit: <https://www.cdc.gov/vaccines/programs/iis/about.html>.

## WHAT IS THE COUNTERMEASURES INJURY COMPENSATION PROGRAM?

The Countermeasures Injury Compensation Program (CICP) is a federal program that may help pay for costs of medical care and other specific expenses of certain people who have been seriously injured by certain medicines or vaccines, including this vaccine. Generally, a claim must be submitted to the CICP within one (1) year from the date of receiving the vaccine. To learn more about this program, visit [www.hrsa.gov/cicp/](http://www.hrsa.gov/cicp/) or call 1-855-266-2427.

## WHAT IS AN EMERGENCY USE AUTHORIZATION (EUA)?

The United States FDA has made the Pfizer-BioNTech COVID-19 Vaccine available under an emergency access mechanism called an EUA. The EUA is supported by a Secretary of Health and Human Services (HHS) declaration that circumstances exist to justify the emergency use of drugs and biological products during the COVID-19 pandemic.

The Pfizer-BioNTech COVID-19 Vaccine has not undergone the same type of review as an FDA-approved or cleared product. FDA may issue an EUA when certain criteria are met, which includes that there are no adequate, approved, available alternatives. In addition, the FDA decision is based on the totality of scientific evidence available showing that the product may be effective to prevent COVID-19 during the COVID-19

pandemic and that the known and potential benefits of the product outweigh the known and potential risks of the product. All of these criteria must be met to allow for the product to be used in the treatment of patients during the COVID-19 pandemic.

The EUA for the Pfizer-BioNTech COVID-19 Vaccine is in effect for the duration of the COVID-19 EUA declaration justifying emergency use of these products, unless terminated or revoked (after which the products may no longer be used).
