Chairman Langworthy:

I just spoke with Debbie (in your Albany office); very nice.

Thank you for your good, and I believe sincere efforts in my home/birth state of New York. I had observed your appearance on Fox News (along with Janice Dean) a few weeks ago, regarding the nursing home deaths, specifically those **caused** by Cuomo. Given the recent NY AG report, everyone has now elevated their outrage; as well they should.

Under Attachment 2 you find my letter to Fauci of 21 July 2020. On pages 24/25 of 36 I had discussed the 'nursing home deaths.'

21 July 2020

Dr. Anthony S. Fauci

**Horrific Avoidable Deaths of Elders in Nursing Homes,
and the Deafening Silence of Dr. Anthony S. Fauci**

Rather than responding, in any meaningful way, Fauci contacted Cornell University (in Ithaca, New York) as part of his "do you know this guy?" routine. I am well-known on the Cornell campus. Fauci never responded to my 21 July 2020 letter.

However, on January 26, 2021 the German courts ostensibly have responded . . .
Dr. Fuellisch, an early recipient of my letter, "responded" to its portent as follows:

Forensic analysis of official data convinced the court that the epidemic situation that was used to justify the lockdown laws does not exist. The judge ruled that the government lacked sufficient legal grounds to impose the restrictions since there was no "epidemic situation of national importance." He declared that the measures were an attack on the "foundations of our society."

Dr. Reiner Fuellmich, the lawyer who initiated the first German and American complaints and procedures stated:

"We consider this judgment to be extraordinary and of fundamental importance. It is transferable to all violations of Covid19 measures. It is also transferable to the current Renewed Containment and all applicable coronavirus regulations. Because the "numbers of cases" are decreasing, as are patients in intensive care units! The judge confirms this with an excellent demonstration."

The battle over government dictatorial overreach and the assault on the rights and dignity of citizens in a democracy will be won in the courts of law.

Dr. Reiner Fuellisch

The above is directly related to your good efforts in behalf of New York State. You might consider contacting Dr. Fuellisch.

Now on-to the next subject, covered in my follow-up letter to Fauci . . .

One might say that my follow-up letter to Fauci of 21 December 2020 is a little strident . . . perhaps an overreach (Please see subject line of cover letter of enclosed binder). **It is not.** I can assure you, I am not alone, nor the first to declare criminality.

I have enclosed materials from three areas wherein my 21 December 2020 declaration of crime (against Fauci) acquires very recent **additional** merit:

1. The **'Fauci / COVID-19 Dossier'** by Dr. David E. Martin
2. The **'COVID-19 Data Collection, Comorbidity & Federal Law: A Historical Retrospective,'** by IPAK-PHPI.
3. Article, **'Doctors and Nurses Giving the Covid-19 Vaccine Will Be Tried as War Criminals,'** by Dr. Vernon Coleman

If you doubt #3, I invite you to personally offer condolences to the family of Hank Aaron, et al.

The fact is, the emphasis on the New York State nursing home homicides is mostly political. In general . . . in contrast . . . were politics and \$\$\$ not the true priority, I certainly would be in-receipt of a response to my SECOND letter to Fauci (of 21 December 2020). I am not holding my breath. But I am absolutely confident that if directed, or motivated (by common decency), the so-called NY AG would **also** be able to connect the K-12 suicide deaths in New York State to **Cuomo . . . the latter is welcome to call Fauci as a defense witness.**

Please do not hesitate to contact me at any time,

Respectfully,

Paul V. Sheridan

P.S. You are correct, NYS is "in crisis." For example, I have a good thirty-year-plus friend that owns/runs about ten hotels in the central/Finger Lakes region of Upstate . . . he is nearly finished. His name is Dan Homik, and he would be happy to discuss his business status as a result of Fauci's "COVID-19" (and my person) at any time. He is a long-time board member of *NYSH&TA*, and his direct dial is **315- 692- 4361**.

P.P.S. I am a Math-Physics graduate of SUNY Albany (now UA), and have family in the area. So I know the area well . . . stay warm!
