Subject: DEMAND : Dr. Anthony Fauci – Revocation of all Cornell University Degrees

Dear Ambassador Sandhu:

In the early 1990s I was a member of the Alumni Executive Council, serving in an advisory role to then Cornell University President Frank H.T. Rhodes. In-attendance in Bailey Hall, located in one of the most beautiful campuses in the world, we came upon agreement by-extension:

Since, shortly after its founding in 1865, Cornell was referred to as *“America’s first truly American university,”* and by virtue of our Founder’s precepts and ongoing practices, we were world renown for an international reputation and student body; then by-extension we should announce our place as *“the world’s first truly international university.”* **I can assure you that the great nation and people of India were and remain a welcome part of our internationality.**

Enclosed for your file and sharing is my letter/binder addressing the Subject DEMAND. The discussion on Pages 26/27 of 45 compels forwarding (to you). I am also enclosing the recent book by Senator Rand Paul:

DECEPTION : The Great COVID Cover-Up

From the cover, this tome is focused upon Cornell University medical school graduate Dr. Anthony Fauci. On several pages of my enclosed letter of 27 November 2023, I quote esteemed Cornell professor of chemistry, Dr. David Collum (regarding his key assessment of Dr. Fauci):

“He’s a pathological liar!”

Unlike the 1,400,000,000 people of India, specifically its student body . . . a student, faculty or staff member at Cornell during the “COVID-19 pandemic,” were **mandated** to be injected with an modRNA poison. The person who enforced that mandate, Ms. Martha Pollack, is shown on page 5 of 45.

Indicated at the bottom of the OVERVIEW page, this entire enclosure, [with active hyperlinks](#) is available at:
