Ms. Letitia James to Facebook and Twitter CEOs**

Dear Congressman Dr. Wenstrup :

Reference 1 discussed a secretive group formed / headed by then-Governor Andrew Cuomo :

The screenshot shows a webpage with a yellow header and a blue navigation bar. The header contains the date 'August 23, 2021 | 2:20 pm' and the title 'COVID-19 Vaccines'. A news snippet on the right states: 'On August 23, the FDA announced the full approval of the Pfizer-BioNTech vaccine for the prevention of COVID-19 disease in individuals age 16 and older. Read more.' The navigation bar includes links for 'Services', 'News', 'Government', and 'COVID-19 Vaccine'. Below the navigation bar, the page title 'New York Forward' is followed by a list of links: 'Industry Guidelines', 'Testing', 'Vaccine Program', 'Advisory Boards', and 'Protect Yourself'. The main heading is 'NY Forward Advisory Board'. The body text reads: 'The New York Forward Reopening Advisory Board will help guide the state's reopening strategy. The advisory board will be chaired by former secretaries to the Governor Steve Cohen and Bill Mulrow and includes over 100 business, community and civic leaders from industries across the state.'

The true purpose of **NYFRAB** had little to do with health, but everything to do with marketing of the modRNA injections manufactured by a company headquartered in New York: Pfizer, Inc. (SEE PAGE 6 BELOW). An extremely active but undeclared member of NYFRAB; Mr. Anthony Fauci ostensibly confirmed my allegations regarding the true purpose of NYFRAB :

The Cuomo/Fauci/Bourla/Pollack scheme (lockdowns as coercion-of / acceptance-of modRNA mandates) began immediately after President Trump’s **“National Emergency Concerning the Novel Coronavirus”** (13 March 2020). The NYFRAB charter, a mandates-promulgated scheme (which encompassed the nursing homes policies) was immediately enforced :

**WE MUST MAKE REOPENING DECISIONS
BASED ON FACT. NO POLITICS. NO SPIN.
NO EMOTION. NO CONSPIRACIES. JUST
THE FACTS AND THE DATA AND THE SCIENCE.**
- GOVERNOR ANDREW M. CUOMO, 4/2/2020

In April 2020, the following utterly *competent* (medical) tyranny was deployed :

Competent? **Correct.** There was nothing “misguided” about the NYFRAB modRNA marketing scheme; a scheme later deployed with lockstep brutality by Ms. Martha Pollack of Cornell University. **Immediately after the fraudulent FDA EUA of 11 December 2020;** anyone (regardless of their credentials) who merely questioned the Cuomo/Fauci/Bourla/Pollack vaccine-mandate-promoting lockdown scheme, were *relentlessly* brutalized :

Leaked E-mails: Fauci, Collins Worked on “Quick and Devastating” Smear Campaign Against Anti-lockdown Message

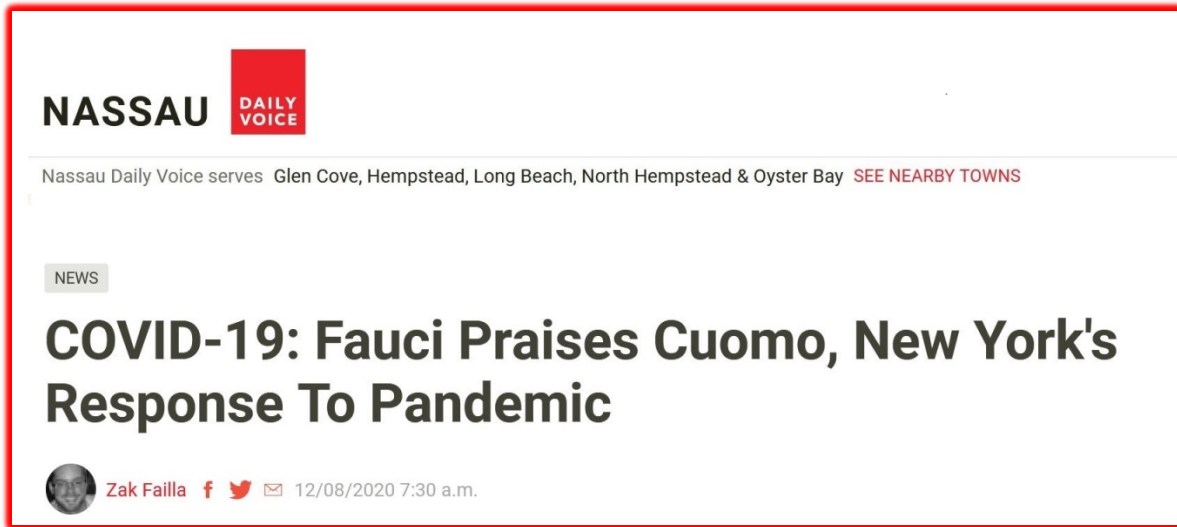

by [Veronika Kyrlylenko](#) December 20, 2021

[Facebook](#) [Twitter](#) [LinkedIn](#) [Email](#) [Print](#) [PDF](#)

The Crucial Role of NYFRAB : *“leading the nation”*

On the heels of President Joe “vaccine mandate” Biden, and In preparation for their anticipated gala (**the fraudulent FDA EUA of Pfizer modRNA needles**), Governor Cuomo and Mr. Fauci began an *all-out* media blitz on lockdowns, and how mandates would emancipate the world :

Your 11 December 2023 letter (to Cuomo’s Senior Advisor) quotes Ms. Melissa DeRosa :

*“As you described in your book, you were ‘the most senior member of New York Governor Andrew Cuomo’s team **leading the nation** through a once-in-a-century pandemic, making life-or-death decisions, projecting our administration’s competence to an admiring world.’”*

Two days after the FDA EUA, Ms. DeRosa is seen (far left) celebrating the results of the New York **lockdowns and nursing home policies which were deployed to promote Pfizer vaccine mandates**. But NYFRAB was modeled for both the nation and globally . . . mandates were a *“new normal.”*

**Subject 2 : Additional Recommended Witnesses to Subject 1
(1) Ms. Martha Pollack, Cornell University**

In his press release of 9 November 2020, Pfizer CEO Mr. Albert Bourla heaped praise upon one of his key vaccine marketing groups; a stampede he labeled :

“academic collaborators.”

Continuously plastered upon the Cornell web pages (2020, 2021 2022) was a hard-sell sales term coined by Merck in the 1980s: ***“new normal.”*** Ms. Martha Pollack, who just last week announced that she is “stepping down,” was an original and active member of NYFRAB :

In my many letters to/about the COVID-19 Crime Syndicate, I have stated :

***“ To have the world, they had to have the United States.
To have the United States, they had to have Cornell. ”***

Hurriedly, on 2 April 2021, Ms. Pollack announced :

*“With the recent announcements of **expanded vaccine eligibility in New York** and other states, and increasing vaccine production, it is likely that all members of our community will be able to obtain vaccination sometime this spring or summer. Accordingly, Cornell intends to require vaccination for students returning to Ithaca, Geneva, and Cornell Tech campuses for the fall semester.”*

“Expanded vaccine eligibility in New York” ?? So . . . according to Ms. Pollack . . . somehow “vaccine eligibility” (whatever that is), equals mandate?! Reference 2 explains :

**Subject 2 : Additional Recommended Witnesses to Subject 1
(2) Pfizer CEO Mr. Albert Bourla**

Reference 2 gushes with praise between two members of NYFRAB :

Pfizer is a New York company – something I am greatly proud of. The company’s decision to opt out of Operation Warp Speed, which the Biden administration plans to overhaul, puts it in a unique situation that could help us save lives right here in New York. I am happy to discuss this matter further with you.

Sincerely,

Governor Andrew M. Cuomo

Mr. Albert Bourla was an original member of Cuomo’s New York Forward ReOpening Advisory Board (NYFRAB). He was an active participant in the scheme to cause, and then use (the grief and illness and death that resulted from) the NYFRAB lockdowns as part of Pfizer marketing; aimed at the ultimate pre-planned two-fold combination of revenue generation ploys:

- A. **Mandating** of Pfizer modRNA, in New York and where Item B was offered.
- B. **LIABILITY IMMUNITY**

Some nations provided liability immunity.

Examples that do not :

India

Republic of South Africa !

We now examine Reference 3.

Pfizer never came to India. Pfizer applied for clearance for its vaccine in 2020. Indian regulators demanded a local safety and immunogenicity study. Such bridging studies are the common world over.

All other foreign vaccine makers had conducted similar studies in India. But Pfizer refused to do a local trial. In addition, Pfizer wanted legal immunity and protection against injury, which India refused. The USA provides legal immunity to vaccine manufacturers. India does not have any such law, and we did not change our laws for Pfizer.

Reference 3 : Letter / modRNA Contract of 30 March 2021 Between Pfizer and the Republic of South Africa

Key COVID-19 Crime Syndicate dates : The FDA approval of an Emergency Use Authorization (EUA) for the Pfizer modRNA needles took place on 11 December 2020. Preambling that farce were the most fraudulent claims to further sully the medical/pharmaceutical industry complex. From all quarters of that complex, especially Cornell University, the innocent public were told the following lie over and over and over and over :

“95% safe and effective!”

Fauci, Trump, Cuomo, Bourla, Pollack . . . and many others spewed that lie. Based on that lie, and many other lies, the public was coerced and threatened; while never being fully informed by the officials and so-called experts who demand their trust.

South Africa does not offer LIABILITY IMMUNITY. **Therefore** . . . to exact legal protection from a needle (that Mr. Bourla was fully aware was ineffective), Pfizer corporate counsel, headed by Cornell Law School graduate Mr. Douglas Lankler, was compelled to **word-smith** their “vaccine” supply contract . . . on Page 21, paragraph 5.5, Pfizer cajoles South Africa as follows :

MANUFACTURING AND SUPPLY AGREEMENT

BETWEEN

PFIZER LABORATORIES PROPRIETARY LIMITED

AND

THE GOVERNMENT OF THE REPUBLIC OF SOUTH AFRICA ACTING THROUGH
THE NATIONAL DEPARTMENT OF HEALTH OF SOUTH AFRICA (“NDOH”)

Purchaser Acknowledgement.

Purchaser acknowledges that the Vaccine and materials related to the Vaccine, and their components and constituent materials are being rapidly developed due to the emergency circumstances of the COVID-19 pandemic and will continue to be studied after provision of the Vaccine to Purchaser under this Agreement. Purchaser further acknowledges that the long-term effects and efficacy of the Vaccine are not currently known and that there may be adverse effects of the Vaccine that are not currently known. Further, to the extent applicable, Purchaser acknowledges that the Product shall not be serialized.

Please note the date of this contract . . . **30 March 2021** . . . mere days after Reference 4 :

Reference 4 : Letter of 24 March 2021 from New York Attorney General Ms. Letitia James to Facebook and Twitter CEOs

As a direct-report to Governor Cuomo, New York Attorney General Letitia James was a prominent co-signer of one of the most putrid pieces of lawfare ever written :

Jack Dorsey, CEO, Twitter
Mark Zuckerberg, Chairman & CEO, Facebook
March 24, 2021
Page | 2

Given “anti-vaxxers” reliance on your platforms, you are uniquely positioned to prevent the spread of misinformation about coronavirus vaccines that poses a direct threat to the health and safety of millions of Americans in our states and that will prolong our road to recovery.

Ms. James was involved in the Pfizer contract inflicted upon New York, the same way co-signer AG Mr. Keith Ellison did upon Minnesota; upon Mrs. Jummai Nache. Her **“road to recovery” from the Pfizer misinformation/disinformation involved massive thrombosis; resulting in the amputation of both legs, her left hand entirely, and most fingers of her right hand.**

As safe and effective vaccines become available, the end of this pandemic is in sight. This end, however, depends on the widespread acceptance of these vaccines as safe and effective. Unfortunately, misinformation disseminated via your platforms has increased vaccine hesitancy, which will slow economic recovery and, more importantly, ultimately cause even more unnecessary deaths. A small group of individuals use your platforms to downplay the dangers of COVID-19 and spread misinformation about the safety of vaccines. These individuals lack medical expertise and are often motivated by financial interests. According to a recent report by the Center for Countering Digital Hate¹, so-called “anti-vaxxer” accounts on Facebook, YouTube, Instagram, and Twitter reach more than 59 million followers. “Anti-vaxxers” are using social media platforms to target people of color and Black Americans specifically, members of communities who have suffered the worst health impacts of the virus and whose vaccination rates are lagging.

While the criminals James and Ellison were grandstanding concern about **“people of color and Black Americans specifically,”** the primary beneficiary of their lawfare (Mr. Albert Bourla) was demanding in his heretofore redacted/secret Pfizer “vaccine” supply contracts :

“Purchaser further acknowledges that the long-term effects and efficacy of the Vaccine are not currently known and that there may be adverse effects of the Vaccine that are not currently known.”

Mrs. Nache, an immigrant from Nigeria, was never informed of this contract verbiage. In fact, her Minnesota AG Mr. Keith Ellison ensured that she was lied to by her mandating employer.

CONCLUSION Page 1 of 2

(1) During Subject 1, sworn examination of former New York Governor Mr. Andrew Cuomo, please thoroughly examine his forming and participations on the New York Forward ReOpening Advisory Board (NYFRAB). Note that its website openly lied to New Yorkers about which Pfizer needle was approved, and which they were actually being injected with . . . COMIRNATY was not available or in-production at the time of the following :

If the needles that were actually being injected into New Yorkers was “fully approved” (versus the 11 December 2020 EUA status), then LIABILITY IMMUNITY would no longer have shielded Pfizer . . . even the “experts” in Albany could have figured out that not-so-esoteric fact.

GOVERNOR CUOMO, IS IT TRUE THAT NEW YORK STATE HAS MORE DEAD THAN ANY OF THESE COUNTRIES?

COUNTRY

- INDONESIA
- PAKISTAN
- NIGERIA
- BANGLADESH
- JAPAN
- ETHIOPIA
- EGYPT
- PHILLIPINES

(BUT THEY ALL HAVE OVER 100 MILLION PEOPLE..)

CONCLUSION *Page 2 of 2*

- (2) Please note the attached references. Please also note Tab 5.
- (3) Depending on the results of Subject 1, please consider the additional testimony of the following individuals, both of whom were original and active members of NYFRAB :

Mr. Albert Bourla, CEO of Pfizer

Ms. Martha Pollack, Cornell University

Relative to your primary focus : the horrific deaths in the New York State nursing homes; deaths that Mr. Cuomo and his NYFRAB comrades off-handedly declared were solely “COVID related” :

. . . please ponder the reality that those death statistics were not underutilized.

Respectfully yours

Paul V. Sheridan

Subject : Select Subcommittee on the Coronavirus Pandemic, Hearing of 8/9 January 2024 - Testimony of Dr. Anthony S. Fauci

Reference 1 : Letter of 27 November 2023 from Paul V. Sheridan, Courtesy Copy to Congressman Dr. Brad Wenstrup

Reference 2 : Letter of 30 November 2023 from Congressman Dr. Brad Wenstrup to Dr. Anthony S. Fauci (Pursuant to Instant Subject)

Reference 3 : Letter of 26 September 2023 from Congressman Dr. Brad Wenstrup to Ms. Christi A. Grimm (Inspector General, US Department of HHS)

Dear Congressman Dr. Wenstrup :

You are in-receipt of Reference 1 . I am attaching an excerpt; Pages 9 - 14. On Page 11 I quote Dr. Fauci from 6 October 2020 (screenshot) :

“Ya know, what used to keep me up at night, is what I am doing now!

Ya know it’s an interesting question Kate. I get asked years ago. Multiple times. ‘What is you’re worst nightmare?’ ‘What keeps you up at night?’ Well, I always say, that would be a brand new disease, that jumps species, from an animal to a human reservoir, that’s respiratory spread, that has two conflating characteristics. One, it’s spectacularly efficient in its spread from human to human. And two, it has the capability of a high degree of morbidity and mortality, either in the general population or among a subset of group. And sure enough, here we are, in 2020, and we have my perfect nightmare. Namely, a pandemic that’s already killed a million people worldwide, and is still raging throughout the world.

So, what keeps me up at night is acting out the things that kept me up at night, theoretically, is now keeping me up at night practically.”

For those uninitiated with Mr. Fauci, his October 2020 quote is an admission that his “perfect nightmare” was precisely what the COVID-19 Crime Syndicate had already bioengineered under a laundered contract to the Wuhan Institute of Virology in China. Called ‘Gain of Function’ research (GoF), there was nothing “theoretical” about it. This admission by Fauci, his direct connection to the “exact opposite” / GoF conspiracy, also leads to treason by the Central Intelligence Agency (Enclosure 3, Page 13 below).

One of the precursors to that October 2020 Fauci quote was his consultations with a secretive group chaired by Governor Andrew Cuomo; **The New York Forward ReOpening Advisory Board** :

**WE MUST MAKE REOPENING DECISIONS
BASED ON FACT. NO POLITICS. NO SPIN.
NO EMOTION. NO CONSPIRACIES. JUST
THE FACTS AND THE DATA AND THE SCIENCE.
- GOVERNOR ANDREW M. CUOMO, 4/2/2020**

Mr. Albert Bourla, CEO of Pfizer, was an original and very active member of the 'NY Forward' group. This represents a direct formative (pre EUA) connection **between Dr. Fauci and Pfizer**.

8/9 January 2024 Hearing Examination Requests

Please examine with Dr. Fauci the following:

1. His participations and statements at the Cornell University StayHomeComing 2020 event of October 2020, specifically his conference interview with NBC News Ms. Kate Snow.
2. His participations with The New York Forward ReOpening Advisory Board, especially his communications with Governor Andrew Cuomo (See Page 10 of 45 of attached).

The complete Cornell StayHomeComing 2020 event video (#1) is available here :

<https://www.pvsheridan.com/Cornell-Stayhomecoming-October-2020.mp4>

Respectfully yours

Paul V. Sheridan

STATE OF NEW YORK

January 18, 2021

Albert Bourla, DVM, Ph.D.
Chairman and Chief Executive Officer, Pfizer
235 East 42nd Street
New York, NY 10017

Dear Dr. Bourla:

On behalf of all New Yorkers, I want to thank you and the teams at Pfizer and BioNTech for your hard work to develop a safe, effective vaccine for COVID-19. The last ten months have been exceptionally dark – but your efforts have provided a bright light at the end of the tunnel and hope for a better future. It is abundantly clear that these vaccines are the weapons that will finally win the war against COVID-19. But with hospitalizations and deaths increasing across the country this winter, we are in a footrace with the virus, and we will lose unless we dramatically increase the number of doses getting to New Yorkers. After myself and seven other governors called on the Trump Administration to release more doses, HHS Secretary Alex Azar said that relief was on the way. To date, however, the federal government has not acted on that promise – in fact, New York will receive just 250,000 doses this week, 50,000 fewer than the week prior.

Because you are not bound by commitments that Moderna made as part of Operation Warp Speed, I am requesting that the State of New York be permitted to directly purchase doses from you. The distribution of any doses obtained directly from Pfizer will follow the rigorous guidance the State has established, while enabling us to fill the dosage gap created this week by the outgoing federal administration. All of this will further our goal to vaccinate 70 to 90 percent of New Yorkers as soon as possible and reach herd immunity.

You no doubt understand the challenges New York and other states face. Shifting guidance from the Centers for Disease Control and Prevention drove the number of New Yorkers eligible and prioritized for the vaccine from 5 million to 7 million practically overnight. The federal administration essentially opened up a floodgate while cutting our supply – leading to confusion, frustration, and dashed hopes.

Pfizer is a New York company – something I am greatly proud of. The company’s decision to opt out of Operation Warp Speed, which the Biden administration plans to overhaul, puts it in a unique situation that could help us save lives right here in New York. I am happy to discuss this matter further with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrew M. Cuomo". The signature is fluid and cursive, with a large initial "A" and "C".

Governor Andrew M. Cuomo

political office, or any other Person, and has not sought and will not seek improperly or corruptly to influence any Government official, political party, candidate for political office, or any other Person, in order to gain an improper business advantage.

- (c) The Parties will comply with applicable economic sanctions, import, and export control laws, regulations, and orders in the performance of this Agreement.
- (d) Activities performed under this Agreement will not involve Restricted Parties (defined as the list of sanctioned parties maintained by the United Nations; the Specially Designated Nationals List and the Sectoral Sanctions Identifications List, as administered by the U.S. Department of the Treasury Office of Foreign Assets Control; the U.S. Denied Persons List, the U.S. Entity List, and the U.S. Unverified List, all administered by the U.S. Department of Commerce; the entities subject to restrictive measures and the Consolidated List of Persons, Groups and Entities Subject to E.U. Financial Sanctions, as implemented by the E.U. Common Foreign & Security Policy; and similar lists of restricted parties maintained by relevant governmental entities).
- (e) Notwithstanding any other provision of this Agreement, Pfizer shall not be required to take or refrain from taking any action prohibited or penalized under the laws of the United States or any applicable non-United States jurisdiction, including, without limitation, the antiboycott laws administered by the U.S. Commerce and Treasury Departments.

5.4 No Other Warranty.

Except to the extent set out expressly in this Agreement, all conditions, warranties or other terms which might have effect between the Parties or be implied or incorporated into this Agreement (whether by statute, common law or otherwise) are hereby excluded to the fullest extent permitted by Laws. Without prejudice to the general nature of the previous sentence, unless this Agreement specifically states otherwise and to the maximum extent permitted by Law, Pfizer expressly disclaims any representations or warranties with respect to the Product, including, but not limited to, any representation, warranties or undertaking as to (a) non-infringement of Intellectual Property rights of any third party, (b) that there is no requirement to obtain a license of third party Intellectual Property rights to enable the use or receipt of the Product, (c) merchantability, or (d) fitness for a particular purpose.

→ 5.5 Purchaser Acknowledgement.

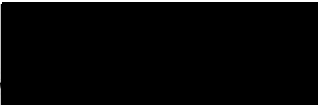

Purchaser acknowledges that the Vaccine and materials related to the Vaccine, and their components and constituent materials are being rapidly developed due to the emergency circumstances of the COVID-19 pandemic and will continue to be studied after provision of the Vaccine to Purchaser under this Agreement. Purchaser further acknowledges that the long-term effects and efficacy of the Vaccine are not currently known and that there may be adverse effects of the Vaccine that are not currently known. Further, to the extent applicable, Purchaser acknowledges that the Product shall not be serialized.

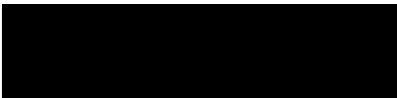

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be duly executed and delivered as of the date first written above.

Re: Vaccine Disinformation

Dear Messrs. Dorsey and Zuckerberg:

As Attorneys General committed to protecting the safety and well-being of the residents of our states, we write to express our concern about the use of your platforms to spread fraudulent information about coronavirus vaccines and to seek your cooperation in curtailing the dissemination of such information. The people and groups spreading falsehoods and misleading Americans about the safety of coronavirus vaccines are threatening the health of our communities, slowing progress in getting our residents protected from the virus, and undermining economic recovery in our states.

As safe and effective vaccines become available, the end of this pandemic is in sight. This end, however, depends on the widespread acceptance of these vaccines as safe and effective. Unfortunately, misinformation disseminated via your platforms has increased vaccine hesitancy, which will slow economic recovery and, more importantly, ultimately cause even more unnecessary deaths. A small group of individuals use your platforms to downplay the dangers of COVID-19 and spread misinformation about the safety of vaccines. These individuals lack medical expertise and are often motivated by financial interests. According to a recent report by the Center for Countering Digital Hate¹, so-called “anti-vaxxer” accounts on Facebook, YouTube, Instagram, and Twitter reach more than 59 million followers. “Anti-vaxxers” are using social media platforms to target people of color and Black Americans specifically, members of communities who have suffered the worst health impacts of the virus and whose vaccination rates are lagging.

Given “anti-vaxxers” reliance on your platforms, you are uniquely positioned to prevent the spread of misinformation about coronavirus vaccines that poses a direct threat to the health and safety of millions of Americans in our states and that will prolong our road to recovery.

The updated community guidelines you have established to prevent the spread of vaccine misinformation appear to be a step in the right direction. However, it is apparent that Facebook has not taken sufficient action to identify violations and enforce these guidelines by removing and labelling misinformation and banning repeat offenders. As a result, anti-vaccine misinformation continues to spread on your platforms, in violation of your community standards.

- Twitter and Facebook have yet to remove from all their platforms the accounts of prominent “anti-vaxxers” who have repeatedly violated the companies’ terms of service. Digital media research groups estimate that as of March 10, 12 “anti-vaxxers” personal accounts and their associated organizations, groups and websites are responsible for 65% of public anti-vaccine content on Facebook, Instagram, and Twitter.
- Facebook has failed to consistently apply misinformation labels and popups on Facebook pages and groups that discuss vaccines or COVID-19. For example, the company neglected to apply warning labels on dozens of Facebook groups that “anti-vaxxer” Larry Cook created for his followers. At the same time, the company has mistakenly flagged pro-vaccine pages and content in ways that have undermined pro-vaccine public education efforts.
- Facebook has allowed anti-vaxxers to skirt its policy of removing misinformation that health experts have debunked, by failing to prevent them from using video and streaming tools like Facebook Live and sites like Bitchute, Rumble, and Brighteon to evade detection.

We call on you to take immediate steps to fully enforce your companies’ guidelines against vaccine misinformation. By effectively rooting out fraudulent information about coronavirus vaccines, you can prevent needless illness and death and hasten our road to recovery.

Sincerely,

WILLIAM TONG

**Current Medical Status
Post Employer
Mandated Pfizer
modRNA Injections**

Subject : Mrs. Jummai Nache and her Family

Mrs. Jummai Nache and devoted husband Philip; learning how to walk stairs on prosthetic limbs. Amputation of her limbs caused by modRNA injection mandated by her former employer, the University of Minnesota (UMinn).

A non-smoker, a non-drinker, a "model of health" prior to Pfizer needle; amputations in pictorial review caused by modRNA-induced venous and arterial thromboembolism. Such was not merely foreseeable but a known "mRNA" danger, discussed in-detail at the secret FDA meeting of 22 October 2020. That meeting occurred prior to their Emergency Use Authorization (EUA) of 11 December 2020, where the dangers were ignored. **The EUA allowed Pfizer, hospital administrators, university officials, medical doctors, clinicians, nurses, et al. to inject the modRNA poison under the secretive protections of LIABILITY IMMUNITY.**

Subject : Mrs. Jummai Nache and her Family

Philip and Jummai Nache are from the African country of Nigeria. They moved to the United States and now they tell other Africans who moved here about Jesus.
